答案：A

30.CD: (M:) Bats are scary to some people because they usually come out after dark and fly in groups. The reason why they can "see" in the dark is that they make sounds to know if there's anything ahead. They tell how far things are away from them by feeling how quickly the sound comes back. If they don't feel the sound back right away, then they can fly safely.

Q: What is the man mainly talking about?

(A) Why bats live in groups.

(B) How bats "see" in the dark.

(C) Why bats are scary to some people.

答案：B
